

MANUFACTURER OF  
HIGH-PRECISION  
**ARCHITECTURAL &**  
FURNITURE HARDWARE FITTING

# About Us

**Starpolo** is a name synonymous with innovation, strength, and reliability in the world of **Architectural fittings Products** and **Furniture Hardware Solutions**. With a passion for quality and a commitment to excellence, we specialize in designing and manufacturing premium **Bed Lift – up Mechanism System (Bed Fitting), Folding Table Brackets, Folding Dining Channel Brackets and Other Fittings** that enhance both the functionality and aesthetics of modern living spaces.

Founded with a vision to redefine the standards of furniture fittings, **Starpolo** combines cutting-edge technology, skilled craftsmanship, and a deep understanding of customer needs. Our wide range of products includes **Bed Lift Mechanisms System (Bed Fitting), Brackets and other essential components** — all crafted for durability, ease to use, and long-lasting performance.

At **Starpolo**, we believe that small details make a big difference. That's why every product undergoes rigorous quality checks and is engineered to meet the evolving demands of furniture manufacturers, interior designers, and end users alike

# FOLDING TABLE BRACKETS

## FEATURES & DETAILS

- Wall-mounted self-bracket mechanism
- Space-saving model
- Easy installation mechanism
- Smooth lift-up and drop-down movement system
- Reliable locking and unlocking system
- Optimal product weight for easy mobility

## PRODUCT SPECIFICATION

- High-quality, fully powder-coated, milled steel base
- Heavy-duty material provides a certain level of load capacity (based on application)
- Rust-proof material ensures long-lasting use
- Unique design, dimensions, and durability make the product highly functional
- Reliable performance allows for multipurpose and customized usage
- One pack contains one pair of brackets
- Available in multiple sizes - 300 Mm To 600Mm

## PRODUCT APPLICATION

- Ideal for folding study tables, dining tables, laptop tables, personal reading desks, kitchen equipment storage, and more
- Suitable for outdoor activities and open storage solutions
- Multipurpose usage in corporate houses, institutions, industries, schools and offices

# FOLDING DINNING CHANNEL BRACKETS

## FEATURES & DETAILS

- Smooth sliding mechanism
- Wall-mounted self-bracket system
- Space-saving design
- Easy installation
- Special metal button for pull-open and close functionality
- Specifically designed for dining tables with high strength requirements
- Reliable locking and unlocking system

## PRODUCT SPECIFICATION

- High-quality powder-coated aluminium channel with additional use of mild steel base
- Features wheel runner system for smooth bracket movement
- Aluminium channel ensures a stable runner track
- Rust-proof and corrosion-resistant material
- Stylish design and strong durability
- Supports multipurpose customization
- One pack contains one pair of channel brackets
- Available in multiple sizes - 2 ft., 2.5 ft., 3 ft., 3.5 ft. and 4 ft.

## PRODUCT APPLICATION

- Primarily designed for dining tables
- Also suitable for heavy material storage and versatile applications such as group meeting tables, project tables, laptop tables, study tables, kitchen storage, etc.
- Ideal for both indoor and outdoor use
- Widely used in corporate offices, institutions, industries, schools, and homes

# BED LIFT - UP MECHANISM (BED FITTINGS)

## FEATURES & DETAILS

- Bed lift-up system powered by air-pressurized gas springs
- Smooth and easy lifting mechanism with minimal effort
- Allows additional under-bed storage
- Simple installation and user-friendly operation
- Large opening angle for convenient access
- Recommended minimum bed plywood thickness:
- Minimum bed dimensions Length should be Minimum - **3 Feet, 4 Feet, 5 Feet** (as per Requirements) & Width should be accordingly

## PRODUCT SPECIFICATION

- Heavy-duty L-shaped bed channel brackets with a thickness of
- Brackets have high lifting capacity
- Fitted with air-pressurized gas springs that assist the lift-up function
- Wide range of gas spring options available based on application (e.g., for mattress types)
- High-quality powder-coated steel with milled finish for a premium look
- Rust-proof and durable construction
- Easy installation method ensures better performance
- One pack includes two L-shaped channel brackets

## PRODUCT APPLICATION

- Primarily used for under-bed storage
- Ideal for storing household appliances, travel bags, wardrobe accessories, and other equipment
